

Avoid the “Summer Slip”
Students entering 1st-3rd Grade

Your child worked so hard this year. While summer is a time to relax, sleep in and lounge around, we want to make sure they maintain the academic growth they have achieved this year. Lexia and STMath will be available for all students who are currently enrolled in these programs. These are iPad/computer-based sites. Included is your child’s login information and website addresses. Attached you will find a “Reading Bingo” sheet. It is a fun way for students to keep up with reading and do it creatively. Once you have completed one of the squares, color it in. Your child will return this to next year’s teacher by August 16th. The entire bingo board should be completed. If your child is reading chapter books, they may read each chapter in a different way and color in a square for each chapter completed. Please reach out with any questions. If you have any issues logging in, you may reach out to Mrs. Riney @ criney@ctkcathedralschool.org and she can assist you.
